MEMORANDUM FOR THE RECORD:

SUBJECT: Action re Report on Visit to [REDACTED] Station

25X1A6a

REF: 18 June 1956, from Chief, TAS to Comptroller,
Subject: Report on Visit to [REDACTED] Station

25X1A6a

1. Meeting held on 11 July 1956, attended by the Chief of Administration EE, EE Budget and Fiscal Officer, EE Logistics Officer, and Messrs. [REDACTED] of TAS, to discuss the action to be taken relative to the recommendations in reference.

25X1A9a

2. The question of simplifying the FPA procedures was discussed and it was agreed that after this Office has reached agreement with the Office of Logistics relative to the specific proposals for simplification contained in Attachment A to reference, a further meeting would be arranged with EE Division. At that time the best possible estimate should be provided to EE as to the additional workload on [REDACTED] Station personnel which would result from recommendations 3c and 3d of reference. Accordingly, TAS will meet with Logistics' representatives in the week of 16 July to discuss the simplification of FPA and prepare an appropriate regulatory issuance to effectuate the necessary changes.

25X1A6a

3. The Chief of Administration EE raised several questions concerning the referenced report, including a request for clarification of the meaning of the word "expendable" as used in paragraph 2a(3). Also, he questioned the word "projects" as used in paragraph 5d inasmuch as the amount of funds indicated as used by projects included some activities not normally considered as "projects", such as [REDACTED], etc.

25X1A2g

4. After the meeting, agreement was reached with the EE Administrative Officer to propose by dispatch the adoption of proposal 6 set forth in Attachment A to reference concerning the designation of a Housing Officer to assume responsibility for household effects at field installations. Logistics' representatives have also expressed their concurrence in this action.
